## President's Report with Alan Blackman

### SEASON 2018/19

The patrol season is in its last month, with Sunday 28th April the last day of patrols.

All of our patrol members have done a fantastic job through a very busy summer, and with the school holidays and Easter coming up there is still plenty of work to do looking after our swimmers and visitors to our beach.

The State Titles have been completed with great participation from many of our members

across all age groups. The Aussie Titles are underway as we go to print with this edition of Point Break, keep an eye out for breaking news on our [FaceBook page](#).

The Junior Presentation Day was a great success on Sunday 24th March and it was great to see such a big attendance. Thanks so much to all those who helped organise the event and especially to those who arranged all the fantastic awards and prizes.

*Congratulations to all the award winners!!*

### **YOUR HELP IS NEEDED**

**Carnival Officials:** this season has seen great participation from our competitors at many carnivals. To support our participation the Club must provide qualified officials to assist in running the carnivals. If we do not have the necessary number of officials to meet the specific ratio our Club cannot compete.

This season we have been struggling to provide enough officials, particularly at Junior Carnivals. So now is the time to put up your hand to get ready to help out in season 2019/2020. The necessary qualifications can be obtained in the off season. Contact Craig Lee to find out how you can help out.

### **CHECK OUT THE NEW CARPARK!**

Through our recent grant funding we have had a new surface laid on the carpark out the back of the Clubhouse. It has made such a difference and has greatly improved the amenities at our Club.

**CONTACT THE  
PRESIDENT!**

### **CONTACT THE PRESIDENT**

With over 500 members it is a big task for me to get to know every member, and like most of us I have a busy schedule away from the Surf Club.

So if there is something you would like to talk to me about you can always drop me an email on [alanrblackman@hotmail.com](mailto:alanrblackman@hotmail.com) or phone me on 0418 331 649.

# #Safeguarding - Child Safe Standard Number 4

## **Equity and Diversity - Equity is upheld and diverse needs are taken into account.**

- A) MacMasters Beach SLSC actively anticipates children's diverse circumstances and responds effectively to those with additional vulnerabilities.
- B) All children have access to information, support and complaints processes.
- C) MacMasters Beach SLSC pays particular attention to the needs of Aboriginal and Torres Strait Islander children, children with disabilities, and children from culturally and linguistically di-verse backgrounds.

## #Safeguarding Online Training

As we continue to raise awareness of #Safeguarding our young members at MacMasters Beach SLSC, we are encouraging everyone in the club, particularly the executive, coaches, age managers, junior activities managers and trainers, to participate in a free online training course, to remind them of their responsibilities in looking out for our young members.

#Safeguarding has been a key topic since launched at the SLSNSW State Conference in July 2018. Our club has received information on safeguarding – focusing on making a commitment and following the Codes of Conduct. The next step in our implementation is a focus on raising awareness and educating members.

The more people who are aware of the signs of abuse and what to do if they notice them, the more able our organisation is to provide an environment which protects children and young people. Surf Life Saving has two key resources to assist with this:

1. [The Online Safeguarding Training course](#): This **free** online course takes around 20 minutes to complete and provides practical examples and scenario-based training. It aims to increase members' awareness of child abuse and child protection, and to improve their confidence to be able to take appropriate action when they become concerned for the safety of a child.
2. [The Safeguarding Guidelines](#) have been developed to complement this training by providing written information about abuse, indicators of abuse and how to report. These guidelines also include information from the SLS Codes of Conduct as promoted in Step 2 of the Safeguarding Children & Young People roll-out.

Thanks in advance for your interest and participation.
